The carbon steel toe cap meets the impact
resistance standard of 80 Joules.

PRODUCTS LIABILITY INSURANCE GUARANTEED

KING'S being a reputable industrial safety shoes manufacturer, is fully confident and spares no effort to guarantee the quality of its products. You will be delighted to know that such commitment is now backed-up by a \$510,000.00 products liability insurance policy undertaken by a reputable insurer.

KING'S will subject to the Terms, Exceptions and conditions specified in this insurance policy*, pay as compensation in respect of any industrial accidental injury to the toes of any person whilst in the course of employment wearing **KING'S** Industrial Safety Shoes caused by the failure of the toe-cap to withstand the impact of 200 Joules and/or caused by nail penetration of less than 1,200 Newton and provided that at the time of injury, the shoes have not been worn for more than one year.

With this exclusive benefit, you can feel more secured and confident in wearing **KING'S** Industrial Safety Shoes.

* The products liability policy containing the full Terms, Exceptions and Conditions may be viewed at **KING'S** office on request. Worldwide coverage available except U.S.A. and Canada.
